## Battery leads to self-inflicted shooting July 10; two men injured

*Both incidents occurred on South First Street; gunshot victim hospitalized*

ARKANSAS CITY, Kan. (July 12, 2016) — Two Arkansas City men were transported to South Central Kansas Medical Center on Sunday night after a battery and self-inflicted shooting in southwest Ark City.

The victims are 29 and 31. One victim was transported to SCKMC with injuries to his face after a physical disturbance in the 400 block of South First Street. He has been treated and released.

The other victim sustained a self-inflicted gunshot wound. He was transferred to a Wichita hospital.

Police and the Arkansas City Fire-EMS Department (ACFD) responded about 8:20 p.m. to the physical disturbance. The suspect in that incident had left the residence prior to their arrival.

As police were investigating the disturbance, another emergency was reported in the 1000 block of South First Street. Once they responded, they learned the two separate incidents actually were related.

It was determined that the suspect in the disturbance had left the first residence and traveled to the second residence, where he apparently had shot himself. ACFD also responded to this emergency.

Police still are conducting an investigation of these two incidents. Anyone with additional information about either incident is asked to call the Arkansas City Police Department at (620) 441-4444.

Those wishing to remain anonymous may contact Cowley County Crime Stoppers, which offers rewards of up to \$2,000 for information leading to an arrest.
